

Feedback Form

Visual Impact Provision (VIP) project

Have your say

We would like to hear your views on National Grid's proposals to remove an existing section of overhead line in the Dorset Area of Outstanding Natural Beauty (AONB) and replace it with cables buried underground.

We would welcome any feedback you have about our proposals and would be grateful if you could take a few minutes to fill in the following details. Please note the questionnaire is double sided. If you have additional comments or require more space to give your feedback then we would welcome you to do so either on a separate piece of paper or by email at visualimpact@nationalgrid.com.

Please fill in this form and post in the feedback box at one of our events or send it to FREEPOST VISUAL IMPACT PROVISION.

About you:

Title: _____ First name: _____ Surname: _____

Name of organisation (if applicable): _____

Address: _____

Postcode: _____

E-mail: _____

Q1. I have found this exhibition:

- Very informative Not very informative I didn't attend but would like to give my feedback on the project
- Quite informative Not sure / don't know

Q2. How would you like to be kept informed of progress with this project going forward?

Data and Privacy Notice

National Grid is committed to respecting your privacy and to complying with all applicable data protection and privacy laws. Your information may, for this purpose, be disclosed or shared with the following:

- Other National Grid companies
- Third party service providers, contractors or advisors who provide services to us
- Relevant Local Planning Authority

Q3. Tell us what you think about our proposals to enhance the landscape and reduce the visual impact of the overhead line by removing the chosen section and replacing it with cables buried underground.

Q4. Do you have any comments on specific aspects of our plans e.g. relating to traffic, environment, archaeology, construction, community involvement or any other issue?

Tell us what you think

You have an important role to play in shaping our plans for the VIP project in the Dorset AONB and we're keen to hear what you think.
